Dr. Juan Pablo Pena-Rosas is the Coordinator for the Reduction of Micronutrient Malnutrition Unit in the Department of Nutrition for Health and Development at the World Health Organization (WHO) in Geneva, Switzerland since July 2008.

Before joining WHO, Dr Pena-Rosas worked several years as a Micronutrient Specialist in the International Micronutrient Malnutrition Prevention and Control Program (IMMPaCt), Division of Nutrition, Physical Activity and Obesity at the Centers for Disease Control and Prevention (CDC) in Atlanta, United States where he was involved in planning, implementation, and reporting of micronutrient surveys, and program monitoring and evaluation for micronutrient interventions, particularly food fortification programs in various countries such as Uzbekistan, Morocco, Egypt, Peru, Nicaragua, Georgia and Dominican Republic. Previously, he worked at the Children's Hospital and Oakland Research Institute in Oakland, California where he conducted a meta-analysis on iron and folic acid supplementation during pregnancy. In the private sector, Dr. Pena-Rosas worked at the Kellogg Company, Latin America and the Caribbean Headquarters where he served several positions including Manager of Nutrition Communications and Public Relations, Manager of Nutrition and Scientific Affairs and Manager of Scientific and Regulatory Affairs for the regional operations.

Dr. Pena-Rosas received his Medical degree from Universidad Central de Venezuela in his native country Venezuela and a masters degree in Public Health Nutrition from University of Puerto Rico in San Juan. He holds a PhD in Human Nutrition and Epidemiology from Cornell University, Ithaca, NY, and is a member of the American

Society for Nutrition, Latin American Society of Nutrition and the American Evaluation Association.
